

Marc Winchester, President, North America and Board Director of Digital Healthcare, Inc.

Marc Winchester is a veteran of healthcare IT with a successful track record spanning two decades. As President and Board Director of Digital Healthcare, Inc., he has full operational and managerial responsibilities for Digital's North American operations.

Mr. Winchester spent over 22 years with Misys Healthcare Systems, one of the country's top five healthcare IT companies. His various leadership positions included Senior Vice President of Sales, Senior Vice President of Marketing, and Senior Vice President of Market Development for Healthcare.

While heading the Misys sales organization, the company experienced phenomenal sales growth, including an 80% growth in Electronic Health Records sales over a three year period.

Mr. Winchester has a BA in English from the University of North Carolina and resides in Raleigh.

Mr. Winchester can be reached at (919) 5549650.
